**+ Complete schedule published + droidcon Female Developer Sponsorship Program + Hackathon +**

**Berlin, April 23, 2015** – The complete [conference schedule](#) of this year's 7th edition of droidcon Berlin is published. The four-day event has more than 40 hours of conference program on 4 stages, featuring over 60 speakers. There will be one-day barcamp before the conference and a one-day hands-on hackathon after the conference on June 6. Intel® Software and Mobile Seasons, the trademark holder of droidcon, launched the Intel® Software women sponsorship for all upcoming droidcon conferences in 2015, including droidcon Berlin.

### Schedule online

The conference tracks are on Android architecture, languages, APIs, wearables, UI / UX, code quality and automotive topics. In addition, droidcon Berlin is happy to announce a new speaker: Wojtek Kaliciński, Android developer at Google, will hold a talk about the latest developments in Android. Besides the two-days conference, attendees can also join the one-day hackathon. The hackathon is free, but attendees need to register [here](#) as tickets are limited.

### droidcon Female Developer Sponsorship Program

Intel® Software and Mobile Seasons are firmly committed to create a diverse stage and inclusive environment at the droidcon conference series to establish a fruitful program, which not only mirrors the evolving Android technology and markets but also the heterogeneous Android community. With the Intel® Software sponsorship for women the droidcon conference series promotes the

involvement of women and sets an example for an inclusive tech conferences. The sponsorship encompasses travel and accommodations cost and a reduced ticket price. Up to a maximum of 330 € can be refunded after the event. Applicants can register here:

### **Julia Gemählich (CEO Mobile Seasons)**

“As global coordinator of the droidcon conference series we are fully aware of the continuous lack of women in tech conferences. With the *droidcon Female Developer Sponsorship Program* both companies set the goal to increase the number of women on stage as well as in the audience. We are very happy to raise awareness for under-represented groups at tech conferences and to step up actions with the sponsorship program.”
